

HANGER FIXE 1 ECOTRI STEEL

Ref: V00210-C100

Fixe 1 Ecotri Plate

Plate geometry:

- Rounded inner edge for reduced carabiner wear.
- Directs the carabiner for optimal work on roofs.
- Conical Washer for enhanced torque control.
- Three anti-rotation pins for stability.
- Optimized surface for full contact.

Plate characteristics:

- For M10/M12 screws.
- Weight: 57g (M10) / 56g (M12).
- Maximum strength: 25kN.
- Material: zinc-plated ecotri steel.

Información técnica:

Brand:	Fixe
Country of origin:	Spain
Color:	ZINC
Material:	Steel
Breaking Strenght:	25kN
Configurator:	No
Diameter:	10
