

CANYON ENDURANCE 9,5MM

Ref: 69210200

This semi-static rope is specially designed for canyon descents. Easy to handle and with a reduced dimension, it is extremely light. Thanks to its ENDURANCE construction it is smooth to the touch, and has excellent manageability that also limits its water retention and gives it a high resistance to abrasion. PACKAGING INFO The packaging is made of biodegradable and recycled materials. It contains only 4% synthetic material and 96% paper and Kraft Paper. The grounding of the applied dyes holds a vegetable origin. For it all of its packaging must be recycled as paper and synthetic material. This new packaging enforces ropes shorter than 100m
