

BOLA CHALK

Ref: E41160

REFILL THE BALL, REDUCE WASTE Fixe introduces a new range of powdered magnesium. Available in three formats: Bola Chalk, Crunch Chalk, and Bloc Chalk. Choose the format that best suits your activity and preferences. Pure magnesium, without drying agents or heavy metals, ready for climbing. Whether on the rock or the climbing wall, climbing and sustainability go hand in hand. Reduce container consumption and fill your chalk ball whenever you want. The chalk sticks quickly to your skin when you touch or press the ball, instantly absorbing sweat. Spread the chalk quickly and evenly within your hand. The ball can hold 60 g of chalk. Using the ball produces little dust clouds and only the strictly necessary amount of chalk is used in each application. Features: - Ball with a carrying capacity of 60 g - Refillable - Cotton mesh - Elastic ball closure - Zip-lock container - Pure magnesium carbonate ($MgCO_3$), with no drying agents - Free of heavy metals Packaging info: 30% Plastic film 70% Recycled craft paper 100% Recyclable
