

FIXE CHALK BAG

Ref: T00039

Fixe Magnesia

Description

Fixe s magnesia is made with sustainable materials such as recycled polyester and locally sourced cottons, not only offering optimal performance on each ascent, but also contributing to a more sustainable environment for our planet. The recycled cotton lining and anti-pilling stitching provide durability and exceptional comfort during each climbing session.

With an adjustable belt of 110 cm, our magnesia adapts to any size and preference, providing you with the freedom of movement you need for every activity and use.
