

PARACOPS EPS HELMET GREY

Ref: E11210

Paracops

The "Paracops" helmet offers an exceptional combination of security and comfort for climbers. With a solid outer shell of polycarbonate (PC) and an interior of expanded polystyrene foam (EPS), it provides effective protection against impacts and falls, ensuring durability even in intense conditions. Its wrap-around design ensures stability and protection in any situation, while strategically placed air vents keep the head cool. Equipped with a rear wheel system for precise adjustment, frontal clips for headlamps, and a padded interior, it offers a comfortable and secure experience throughout the activity. Weighing 274 g, it is lightweight and easy to carry. Moreover, it is certified according to the safety regulation EN12492:2012, ensuring maximum protection for demanding climbers.

The name "Paracops", meaning "bumpers", reflects the essential function of the helmet in climbing: protecting the climber's head against impacts. This name highlights our commitment to safety and protection for the climber during their adventures on the rock or in the mountains.

Main Features:

- Wrap-around design ensuring great protection and excellent stability, providing maximum security in any situation.
- Adjustable with a rear wheel system of the helmet.
- Wide air vents strategically placed at the back and sides of the helmet offering superior ventilation and ensuring good airflow to keep the head cool and comfortable during long days in the mountains.
- With the combination of an EPS interior and a PC outer shell provides resilient and durable protection against impacts.
- Equipped with four clips specially designed to attach headlamps, ensuring optimal lighting during nighttime activities.
- Padded interior comfortable and breathable.
- Lightweight weighing 274 g.
- Available in two adjustable sizes to fit a wide range of heads: from 55 cm to 60 cm and from 57 cm to 63 cm, ensuring a perfect fit for each user.
- Certifications EN12492:2012

Packaging

- 100% Recyclable materials
