

MARREC

Ref: Z52100

Dynamic single lanyard. Allows you to tether yourself to an anchor quickly and easily. Designed for climbing, mountaineering and vertical environments. Characteristics: " Dynamic single lanyard. " One fixed arm measuring 70 cm. " Dynamic rope with Endurance braiding, measuring 9.0 mm in diameter with Full Dry treatment. " Its dynamic rope guarantees the dynamic absorption of impacts, including falls of up to factor 2. " The arm is fixed to the harness with a clove hitch.. " Total weight: 70 g. " Certificates: CE and EN17520. " Manufactured entirely in Barcelona-Pyrenees. Why Marrec A marrec is a small child who imitates particular behaviours of adults, but who still has some growing to do. The Marrec is where our range of dynamic lanyards begins. Packaging info: The packaging is made entirely of biodegradable materials. Materials: kraft paper and cardboard. The inks used are of vegetable origin. All the packaging should be recycled as paper.
