

MANYAC

Ref: Z52200

Double dynamic lanyard. Allows you to tether yourself to an anchor, leaving a second arm free to tether yourself to another point, or to install a rappel system. Designed for climbing, mountaineering and vertical environments. Characteristics: " Double dynamic lanyard. " Two fixed arms measuring 40 cm 70 cm. " Dynamic rope with Endurance braiding, measuring 9.0 mm in diameter with Full Dry treatment. " Its dynamic rope guarantees the dynamic absorption of impacts, including falls of up to factor 2. " The arm is fixed to the harness with a clove hitch. " Total weight: 97 gr. " Certifications: CE and EN17520. " Manufactured entirely in Barcelona-Pyrenees. Why Manyac Manyac is the name given to gentle animals that enjoy the company of humans. They are able to gather people together, like the Manyac lanyard, which stands out from the first moment you see it. Packaging info: The packaging is made entirely of biodegradable materials. Materials: kraft paper and cardboard. The inks used are of vegetable origin. All the packaging should be recycled as paper.
