

SIURANA 9,6MM

Ref: WC100961

This is the single rope par excellence from Fixe. Gentle to the touch and easy to tie. Endurance structure in Nature version. It offers an exceptional performance for sport climbing and paths of various lengths. Its type of structure reduces the ice penetration of dust and sand between the filaments, prolonging their life. Durable, strong and with a very low impact force. It is perfect for those who are new to climbing and for advanced climbers.

Features

Diameter: 9.6mm
Available lengths: 70 and 80 meters.
Colours: white-red
Braid: Endurance
Treatments: Nature
Low impact force (8.5kN)
Suitable for all climbing-levels

Twisted Endurance

48 wire braid. The classic braiding-rope-coating development. It uses 42 threads. The Fixe ropes that incorporate Endurance-braiding provide a more regular rope surface than other models on the market. Assets:

Smoother surface
Less friction against devices
Greater resistance to abrasion
Feeling of less weight by having a better glide.

Reduced penetration and retention of water, dust and ice between the strands, which significantly increases the life of the rope.

Nature Treatment

Environmentally friendly. It does not contain chemical treatments and it is specially indicated for working in dry environments.

Technical Features

Middle Mark: yes
Number of falls: 7
Static elongation: 7.9%
Sheath slip: 0,0mm
Percentage of cover: 37%
Package size: 20x18x55

PACKAGING INFO

The packaging is made of biodegradable and recycled materials.
It contains only 4% synthetic material and 96% paper and Kraft Paper. The grounding of the applied dyes holds a

vegetable origin. For it all of its packaging must be recycled as paper and synthetic material.
This new packaging enforces ropes shorter than 100m
